International Enneagram Association, United States, 2013. Paperback. Book Condition: New. 226 x 148 mm. Language: English . Brand New Book ***** Print on Demand *****.For Volume 6 of the Enneagram Journal, editors Peter McNab and Jerome Wagner, PhD, have chosen some of the most challenging writing on the Enneagram over the past year, with a special emphasis on research. These articles will support the growing interest in the Enneagram while also examining some of its closely held tenets. There is much here to keep all Enneagram enthusiasts engaged, from those new to the model to those work with it in their professional lives. Volume 6 of the Enneagram Journal covers contributions as diverse as: CJ Fitzsimons and Jack Killen on using science to address the Enneagram's credibility problem, Dirk Cloete and Lucille Greef explore the role of using assessments to discover type, Raymond Nettmann and Vasi van Deventer take a new look at the connections between the Enneagram and Karen Horney's work, Deon Oosthuizen shares how he uses the Enneagram as a map of the psyche, David Hall looks at how type is expressed energetically, and Mario Sikora gives us a new take on essence and whether or not the Enneagram is a teleological model. The Journal is rounded off with a review of Roxanne Howe-Murphy's Deep Living by Katy Taylor.
