The result is of course a much more complex picture than the one painted by the Western media: Beijing s interpretation of national sovereignty is by no means static, despite all its conservative rhetoric. In addition, China has increasingly acquiesced to some forms of international military intervention, while continuing to oppose it in certain cases. Although there are some visible red lines, there seems to be no ideologically-driven Chinese strategy on international intervention. Beijing rather seems to follow a pragmatic approach of muddling through (mosuo), testing a number of different approaches in order to find the best possible way to promote its interests.This thesis is structured as follows: Chapter 2 provides an analysis of the general development of Chinese foreign policy since the end of the Cold War era. This chapter focuses especially on the issues and motivations that have dominated Chinese foreign policy in the past twenty years. It starts with a brief analysis of the Chinese foreign policy decision-making process and of the Chinese foreign policy think tank landscape. Chapter 3 looks into China s changing position on the principle of national sovereignty. The chapter also discusses the historical development of the principle of national sovereignty, and the factors constraining and conducing change in the Chinese position towards it. Chapter 4 examines Beijing s changing approach to...
