

## The Most Human Human: What Artificial Intelligence Teaches Us About Being Alive (Paperback)

By Brian Christian

Penguin Books Ltd, United Kingdom, 2012. Paperback. Book Condition: New. 196 x 128 mm. Language: English . Brand New Book. The Most Human Human by Brian Christian is a mind-blowing piece of reportage that will appeal to readers of Jon Ronson's *The Psychopath Test*, and an inspiring riposte to John Gray's classic *Straw Dogs* - a book that will change your whole understanding of what being human actually means. AI is on the brink of a new dawn. And so are we. Telling the difference between humans and computers used to be easy. But artificial intelligence is now so advanced that it is capable of behaving, and even thinking, in ways that have long been considered exclusive to humankind. The time has come to rethink what being human actually means. In *The Most Human Human* Brian Christian meets the world's leading artificial intelligences, finds out what they're capable of - and what makes us unique. The result is a funny, shocking, inspiring, deeply humane and intelligent book that reaches into every aspect of our lives. Tremendously entertaining . ( *Metro* ). Excellent . a fascinating explanation of what it means to be human . ( *Financial Times* ). Remarkable....

### Reviews

*This pdf is worth buying. It is actually written in basic words and not confusing. It's been printed in a remarkably basic way in fact it is merely following. I finished reading this publication through which really altered me, affected the way I really believe.*

*This publication may be worth purchasing. I am quite late in starting reading this one, but better than never. It is extremely difficult to leave it before concluding, once you begin to read the book.*
