

Laying the Foundation for Space Solar Power: An Assessment of NASA s Space Solar Power Investment Strategy (Paperback)

By Committee for the Assessment of NASA s Space Solar Power Investment Strategy, Aeronautics and Space Engineering Board, Division on Engineering and Physical Sciences

National Academies Press, United States, 2001. Paperback. Book Condition: New. 274 x 211 mm. Language: English . Brand New Book. In March 2000, NASA s Office of Space Flight asked the Aeronautics and Space Engineering Board of the National Research Council to perform an independent assessment of the space solar power program s technology investment strategy to determine its technical soundness and its contribution to the roadmap that NASA has developed for this program. The program s investment strategy was to be evaluated in the context of its likely effectiveness in meeting the program s technical and economic objectives.
